

Project Title

Phase 2 Report - First Prototype and Heuristic Evaluation

Group

Student 1 name - UP #

Student 2 name - UP #

Student 3 name - UP #

Structure

1. Project abridged description (*)
Including functionalities and tasks
2. Prototype's Wireflow (++)
For each task
3. Heuristic Evaluation Results (+)
Digested results from the evaluators' reports (e.g. if an error is pointed twice it should be merged - severity should be averaged)
4. Corrections to perform in Phase 3 (+)
According to the results from the heuristic evaluation
5. Conclusions
6. Annexes
 - a. Received Heuristic Evaluation Reports

(*) to be included in the presentation (1 slide).

(+) to be included in the presentation (up to 2 slides) - can be only a representative subset.

(++) to be included in the presentation (up to 4 slides) - can be only a representative subset.
