Project Title

Final Report and Presentation

Group #
Student 1 name - UP #
Student 2 name - UP #
Student 3 name - UP #

Report Structure

Part I - User and Task Analysis
[Same as first report]
Part II - First Prototype and Heuristic Evaluation
[Same as second report]
Part III - Second Prototype and User Evaluation
1. Prototype's Wireflow
    a. Include URL for live version
2. User evaluation protocol
    a. According to the slides of TP9
3. Results and statistical analysis
    a. Per task and per measure
4. Conclusions

Presentation Structure (10 minutes)

Introduction - Project brief description (1 slide)
Part I - User and Task Analysis - Main takeaways (1 slide)
Part II - First Prototype and Heuristic Evaluation - Main takeaways (1 slide)
Part III - Second Prototype and User Evaluation
1. Prototype's Wireflow (up to 2 slides per task)
2. User evaluation summary - method and participants (2 slides)
3. Results and statistical analysis highlights (up to 3 slides)
Conclusions (1 slide)
